

# The Second Study of Diarrhoea and Vomiting in the Community (GP Presentation Study)

**What is that about?**

**The "Tummy Bug" Study**

**What do I have to do?**

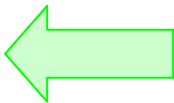

Your doctor or nurse asks if you would like to help to find out more about tummy bugs.

You think about this. Do you have any questions? You can talk to the nurse.

**Yes**

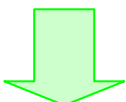

**Would you like to help?**  
**It is up to you!**

**No**

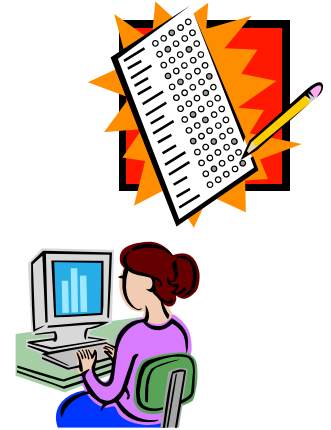

**Thanks for reading this**

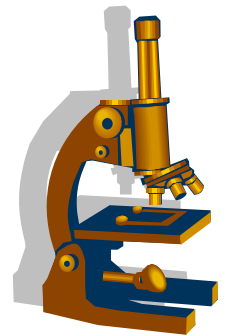

Your nurse will ask your parent or guardian to sign a consent form. This tells us that you would like to help us.

You or your parent or guardian will fill in a form about your illness

We will ask you to give us a sample of Faeces (poo).

This will be tested and your doctor will tell you the results if necessary.

You can decide to stop helping us at ANY time.
